Got To Move
Fleetwood Mac

Eb Bb G#
yes , uah oh babe hmm

Eb
you got to move
you can t stay here nomore
G#
you got to move
Eb
you can t stay here nomore
Bb
oh yes, you re my baby

G# Eb
I love you so but still you gotta go
away from here

you won t cook, you won t wash
you won t iron, you won t saw
oh no, you won t even grab the phone
you re my baby,
I love you so but still you gotta go
away from here, yeah

```

C#|----------------------------12-----------------------------12----------------|
G#|-----------------------------------------------------------------------------|
C#|-----------------------------------------------------------------------------|
             yeah                                aah

|----------12----12--10--------------------12----12-10----12-10-------------|
|---/12-12-12----------/12----------/12-12-12---------/12------/12s10-------|
|---/12-12-----------------12-------/12-12----------------------------/12----|
|------------------------------12-----------------------------------------12-|
|-----------------------------------------------------------------------------|
|-----------------------------------------------------------------------------|
 yes                            ah

|--------12-10--------------------------|
|-----12------/12s10-----------/12-12--|
```

```
|-/12---------------/12--------/12-12--|
|-----------------------12--------------|
|---------------------------------------|
|---------------------------------------|
```

Well, I d rather be dead and in my grave
than to see another man to take my place
Oho yes, you got to move uh yeah
you re my baby
I love you so but still you gotta go
away from here

```
|--------12---------------------------10-------------------------------------|
|-----12---------12-s-10----------------/12---------/12-12------------------|
|-/12--------------------/12----------------12--------------12---------------|
|-----------------------------12--------------------------------12------------|
|-------------------------------------------------------------------------------|
|-------------------------------------------------------------------------------|
            yes
```

```
|-12-10------12--10--------------15--12------12--10-------------------------|
|-------/12----------/12----------------/12---------/12----------------12--|
|-------------------------12----------------------------12-------------12--|
|-------------------------------------------------------------12----------12--|
|-------------------------------------------------------------------------------|
|-------------------------------------------------------------------------------|
                                                                    yeah
```

```
|--------12-10-----------------------------------------|
|-----12------12s10-------------/12-/12-----------12--|
|-/12--------------/12--------------------/12------12--|
|----------------------12---------------------12---12--|
|-------------------------------------------------------|
|-------------------------------------------------------|
                            hey
```

well I d rather be dead and in my grave
than to see man take my place
mmh, yeah, you got to move, yeah
you re my baby I love you so
but still you got to go away from here

you got to move away from here oh yeah,
you got to move, ah, away from here
you re my baby I love you so
but still you got to go away from here

(let s play that ...)

```
|-----12-------------12-10--------------------/12---15-12----12-10----------|
|-/12-12------12----------/12---------/12-12-/12---------12-------/12------|
|-/12---------12--------------12------/12-12--------------------------12---|
|-------------12-----------------------------------------------------------12|
|-----------------------------------------------------------------------------|
|-----------------------------------------------------------------------------|
         yeah                        yes
```
