Tekno Love Song
CocoRosie

```
A                      E
I fell in love with a bad bad man
Bm
Every since I met him
F#m
I ve been sad sad sad
A
I m a jailbird to your music
E
A criminal in your prayer
Bm
I watch you in your sleep
F#m
Even when you re not there

A                   E
Rainbows wept color all over the streets
Bm                        F#m
When you went away maybe one day we ll meet

A                      E
Lipstick I d wear for one million years
Bm                            F#m
Just to stop your eyes from falling down tears

A                      E
I fell in love with a bad bad man
Bm
Every since I met him
F#m
I ve been sad sad sad
