p=pull-off
h=hammer(awww yEah)-on

```
e|------11-11-11-11h12p11--|------11-11-11-11h12p11----|
B|-12-12-------------------|-12-12---------------------|
G|-------------------------|---------------------------|
D|-------------------------------------------------------| you get the idea
A|-------------------------|---------------------------|
E|-------------------------|---------------------------|

e|-------------------------|
B|-------------------------|
G|--9^7-9^7----------------|
D|---------9-9*9-9-9^7-----|
A|---------------------9---|
E|-------------------------|
```

*=only fret theses note as you play them..don t let it ring out.
  you end up almost tapping the string as you pick it.

There are of course other things to the song but just more obscure notes. The first riff has a little variation every forth measure.  Just listen and play along.
