This song is on their first album, I admit they are pretty unheard of, I only know of them because I saw them at a festival :)

I wrote down the lyrics myself since I couldn't find them anywhere else

This is a fantastic song, however, good luck finding it anywhere!

Forget these modern fantasies and fairy tales on screen  
**F** **C**  
And kisses on a london bus with girls of seventeen  
**F** **C** **C/B** **Am**  
And roses from the boy you love who don't know what they mean  
**Dm**  
But I do

**F**  
So wipe those tears away,  
**C**  
I ran through the crowds today,  
**Dm**  
To kiss you in the morning  
**Dm**  
Kiss you in the morning, yeah so

**F**  
So wipe those tears away,  
**C**  
I ran through the crowds today,  
**Dm**  
To kiss you in the morning  
**Dm** **C**  
Kiss you in the morning, young girl

**F** **C**

Forget suburban superstars who seem so unimpressed

**F** Forget the scars, the broken hearts, the laughs, the blood stained dress  
**C**  
**F** And make a wish on shooting stars to forever hold your breath  
**C** **C/B** **Am**  
**Dm**  
Without it

**F**  
So wipe those tears away,  
**C**  
I ran through the crowds today,  
**Dm**  
To kiss you in the morning  
**Dm**  
Kiss you in the morning, yeah so

**F**  
So wipe those tears away,  
**C**  
I ran through the crowds today,  
**Dm**  
To kiss you in the morning  
**Dm**  
Kiss you in the morning,

**F**  
and I m  
**Em**  
Away with the stars  
**Dm**  
Away with my fallen friends  
**F**  
I d only let you down  
**Em**  
With flowers and smiles  
**Dm**  
To drown in my toxic head

**F** | **C** | **Dm** x2

**F**  
So wipe those tears away,
