Gene Parsons Long Way Back written by Gene Parsons

```
            C#m                    F#
Well it s a long way back to the things I know are real
           B                                        E
And it s a long way back to the things that I can feel
           C#m                F#
And it s a long way back to a green and growing tree
           B                                    E
And it s a long way back to what there used to be
       A                 G#m             F#m                E
I been troublin , I been troublin  about all the things I hear
       A                 C#m       F#m                        B
I been troublin , I been troublin  about the earth s progress career
      C#m                          F#
And I travelled that road just as often as I can
B                                                            E
Just to spend an hour or lifetime, to walk barefooted on the land
      C#m                          F#
And I travelled that road even if it s in my mind
B                                      E
To a place that s fit for every living kind^?
       A                  G#m             F#m             E
I been troublin , I been troublin  about all there is to do
       A                 C#m                F#m                B
I been troublin , I been troublin   cause I know the waiting s through
```
