```
Dm                                    G
It s seems I ve found a way to understand you
Dm                                      G
And all the understanding I m about to hand you
Dm                                         G
It s something that said itself a long time ago
         C Cmaj 7           C7          Fmaj 7
And it s time  we looked it over
     C                 G              Dm
It s time we looked it over and start again
Dm                                G
With something we were bound to learn
Dm                                  G
It s better being used than being burned
Dm                                          G
And the reasons for the show have all been turned•
         C Cmaj 7           C7          Fmaj 7
And it s time  we looked it over
      C                G              Dm
It s time we looked it over and start again
        C        Cmaj 7    C7             Fmaj 7
Yes and where we go it     really doesn t matter
         C         Cmaj 7    C7                Fmaj 7
If we re there you know it s really what we re after
        C                     G         Dm
You can look at what you want and start again
