Subject: Cowboy Boyer & Talton It s Time Chords/Lyrics

Cowboy Boyer/Talton It s Time written by Scott Boyer

```
F#m                                    B
It s seems I ve found a way to understand you
F#m                                      B
And all the understanding I m about to hand you
F#m                                         B
It s something that said itself a long time ago
         E Emaj 7           E7          Amaj 7
And it s time  we looked it over
     E                 B              F#m
It s time we looked it over and start again
F#m                                B
With something we were bound to learn
F#m                                 B
It s better being used than being burned
F#m                                          B
And the reasons for the show have all been turned•
         E Emaj 7           E7          Amaj 7
And it s time  we looked it over
      E                B              F#m
It s time we looked it over and start again
        E        Emaj 7    E7             Amaj 7
Yes and where we go it     really doesn t matter
         E         Emaj 7    E7                Amaj 7
If we re there you know it s really what we re after
        E                     B         F#m
You can look at what you want and start again
