(verso 1)
           F#             Ebm      C#
Just as I thought it was going alright,
                 F#           Ebm            C#
I found out I m wrong when I thought I was right,
                 F#                C#             Ebm
It s always the same, it s just a shame, that s all.

(verso 2)
             G#m7                C#
I could say day, and you d say night,
             G#m7                         C#
Tell me it s black when I know that it s white
            G#m7               C#             Ebm
Always the same, it s just a shame, that s all.

(verso 3)
         F#                              G#m7                 C#
I could leave but I won t go, though my heart might tell me so,
         F#                   G#msus4          G#sus  C#
I can t feel a thing from my head down to my toes.
               F#      Ebm      C#
So why does it always seem to me,
                F#                  Ebm        C#
He s lookin  at you and you were lookin  at me,
                F#                 C#             Ebm
It s always the same, it s just a shame, that s all.

(verso 4)
F#           Ebm             C#
Turnin  me on, turnin  me off,
          F#           Ebm       C#
Makin  me feel like I want too much,
             F#          Ebm          C#                     Ebm
Livin  with you just a puttin  me through it all of the time.
         G#m                      C#
```

```
Runnin  around, stayin  out all night,
          G#m                       C#
Takin  it all  stead of takin  one bite
           G#m                     C#                    Ebm
Livin  with you just a puttin  me through it all of the time.

(verse 3)

(verso 5)
Bmaj7
She says I love you, more than I wanted to,
                            Ebm
There s no point in trying, to pretend.
Bmaj7
There s been no-one who, makes me feel like you do,
                       Ebm
Say we ll be together, till the end.
