G#m                      F#
Tonight I kinda get the feeling
                 E
My girl is up to something, something that is no good
G#m                      F#
She said she only had a meeting
                       E
But she is dressed for something, something that is no good
G#m                            F#                        E
Now I m not saying that she s cheating, but seeing is believing
                             E
Can t believe it, what I m seeing when I stepped inside

E                B             F#              E
She s so wasted, acting crazy, making a scene like it s her birthday
```

```
E                    B             F#             E
Drinking champagne, going insane, falling on me like it s her birthday

Eh, eh, eh, eh, eh, eh, eh      This ain t the night I thought it d be

G#m                           F#

It s gonna be a good night     A good, good night
G#m                           F#

               E                E
One I ve never seen before, that I Ignore
               G#m                              F#
Cause when I m up she s all about me, when I m down she stays around me
      E                          E
Now I know I m one and only so I might as well enjoy the ride
