Verse:

```
A                       D             A
Just about a year ago, I set out on the road.
                    F#m           D                    E
Seekin  my fame and fortune, I m lookin  for a pot of gold.
A                 F#m                  D                 A
Things got bad and things got worse, I guess you know the tune,
             E              D                     A
Oh Lord, I m stuck in Lodi again.

```
  A                                 D                    A
I boarded on the Greyhound, and I m walkin  there, by the road.
                   F#m                  D              E
I was just passin  through, it must be seven months or more.
  A                  F#m        D                      A
I ran out of time and money, it looks like the two were friends.
             E              D                     A
Oh Lord, I m stuck in Lodi again.

Verse:

```
  A                       D               A
A man from a magazine, who said I was on my way.
                         F#m         D                   E
But somewhere I lost connection, I ran out of songs to play.
  A                    F#m                   D                       A
I planned many times of one-night stands, it looks like my plans fell through.
             E              D                     A
Oh Lord, I m stuck in Lodi again.

Verse:

```
B                            E               B
  If I only had a dollar for every song I ve sung.
                G#m                E                     F#
Or every time I had to play while people slapped their tongue.
  B                   G#m          E               B
I know I ll catch the next train, back to where I live.
             F#               E                     B
Oh Lord, I m stuck in Lodi again.
