Great Lake Swimmers

Vers. 1
Bm
   You see by the lines on my hands
D
   I ve been carrying a heavy load

Em
   You follow them across my palms
A
   Where they run like roads

Ref.

Bm A D Bm Em A
Won t you come and read the future, turn it on
Bm A D Bm Em A
Won t you tell me how I will not feel so lonely?

And read the patterns on my skin
Let the fire somehow get in
See my heart-line is intact

So this is what I lacked

Won t you come and read the future, turn it on
Won t you tell me how I will not feel so lonely?

Under the weight of this balmy night
Tell me something so divine
If there s future in these lines
Bring into the light

Won t you come and read the future, turn it on
Won t you tell me how I will not feel so lonely?
