```
Gm
Soldiers of peace are not fighting a war

Bb                                          F
Are not looking for enemies behind every door

F       Cm          Bb         Cm         Gm
Are not looking for people to kill or to maim.

Cm                          Bb   F        Gm
Soldiers of peace are just changing the game.

Gm
Men who were fighting for all of our lives

Bb                                                     F
Are now fighting for children, for homes and for wives,

Cm               Bb         Cm           Gm
Fighting for the memory of all who fell before,

        Cm                            Bb  F      Gm
But the soldiers of peace just can t kill any more.

Chorus:
=======
    Bb                          F
So come all you warriors who live for the fight,

     Cm        Gm        Bb           F
Come listen to somebody, someone who might

     Bb                                          F
Have been there before you and they have the right,
```

```
             Cm       Gm           F
They ve been dying to tell you the score.

         Cm            Bb          Gm F       Gm
The old warriors don t want you to hurt any more.

Gm
Soldiers of peace can still hear the cries

         Bb                                        F
When the people were screaming and losing their lives,

     Cm           Bb         Cm           Gm
When bodies were broken and spirits were torn

    Cm                       Bb    F      Gm
The soldiers of peace do not want you to mourn.

Chorus:
=======
    Bb                          F
So come all you warriors who live for the fight,

     Cm        Gm        Bb           F
Come listen to somebody, someone who might

     Bb                                        F
Have been there before you and they have the right,

             Cm       Gm           F
They ve been dying to tell you the score.

         Cm            Bb          Gm F       Gm
The old warriors don t want you to hurt any more.
