     C
I don t believe in miracles
F                                          C
   And they happen every day
F                              C
   I don t believe in Jesus
Am                                      C       F
   But I m praying anyway

G                Am
   I want to      except the truth
F                           Dm
   I really do, I believe
G                                        C       F
   I m just afraid of losing you

I read it in the paper
And I ve watched them on TV
I ve seen it in the movies
They say the truth will set you free

I want to except the truth
I really do, I believe
I m just afraid of losing you

I m just afraid of losing you
I m just afraid of losing you
