David Archuleta

Capo 3

```
   G   C   D  Am
e|-3---3---2---0-|
B|-3---3---3---1-|
G|-0---0---2---2-|
D|-0---2---0---2-|
A|-2---3---X---0-|
E|-3---0---X---0-|
```

```
D                            G
I know you don t wanna say goodbye yet,
                   C                     D
But she can t survive here with just a petal
                                       G
You still have one wish but it d be useless,
           C                        D
More than roses have died in this desert.
                        G
Child, it seems that younger and younger,
       C                   D
They start to wipe your minds clean.
                          G
But how, I wonder, just barely under,
    C                     D
Do your eyes continue sparkling?

(CHORUS)
        Am                          C                 D
And I-I never want to open up your eyes, everything s broken.
        Am                          C                  D
And I-I never want to open up your heart, everything s broken.

D                                G
I don t understand why they are gone,
          C                    D
Or what reason there is to be strong.
                                   G
I still try to love but I m in a place where
              C            D
Doing what s right is so wrong.
                     G
But if you see me ignore the gun,
         C                 D
We are still fighting for life.
```

```
            G             C
Here s our wish just to exist
                  D
In more than our eyes.

        Am                          C                 D
And I-I never want to open up your eyes, everything s broken.
        Am                          C                  D
And I-I never want to open up your heart, everything s broken.

                        Am
Do you see what I see? Do you feel what I feel?
C                           D
It doesn t matter until we see broken lives heal
                        Am
Do you see what I see? Do you feel what I feel?
C                           D
It doesn t matter until we see broken lives heal

        Am      C       D       D       Am
Oh......oh......oh......oh......oh......oh......

        Am                          C                             D
And I-I found it hard to open up my mouth, will they hear what s spoken?
        Am                      C                D
But I-I saw when I opened up my eyes, invisible children.

Am          C     D
Broke, but not broken.
Am          C     D
Broke, but not broken.
