Laurel Canyon
Jackie DeShannon

```
F                          Bb                  F       Bb
I love to great the day, love my hideaway in Laurel Canyon
F                            Bb                    F       Bb
I don?t keep track of time, living on the dole in Laurel Canyon
              C                      Bb            C
Standing here trying to get a ride, I got my baby by my side
Bb                  C        F
Some say we are the pride of Laurel Canyon

F                  Bb                     F       Bb
Shades of Camelot, giving all I?ve got to Laurel Canyon
F                          Bb                    F       Bb
John Paul Jones and Lizzy trying to keep it in, Laurel Canyon
                 C               Bb            C
Up and down here take your pick, light another candlestick
Bb                    C         F
I don?t think I could ever keep Laurel Canyon

Looking out my door I can see that story, Laurel Canyon
Staying just above with the one I love, Laurel Canyon
Our good friend Felicity, she married old man Socrates
Standing under  neath the trees of Laurel Canyon, strange companion

I?ve got a dog named Gwinn wondering somewhere in Laurel Canyon
She goes out to play, seems to know her way through Laurel Canyon
Saw miss kitty chase a mouse living in a wooden house
I?m sowing flowers out on my blouse, Laurel Canyon, strange companion

Look out I?m gonna shout about good old Laurel Canyon
Staying just above with the one I love, Laurel Canyon
Good old, good old Laurel Canyon...
