Lets Get Together
Jefferson Airplane

```
G
Love is but a song we sing,
               F
Hear a way we die.
G
You can make the mountains ring,
F
Hear the angels cry.
G
Tho  the dove is on the wing
             F
You need not know why.

C
Hey, people now,
D
Smile on your brother.
        G
Let me see you get together,
C           D          G
Love one another right now.

G
Some will come and some will go,
               F
We shall surely pass.
G
When the wind that left us here,
                   F
Returns for us at last.
G
We are but a moment s sunlight,
           F
Fading on the grass.

C
Hey, people now,
D
Smile on your brother.
        G
Let me see you get together,
C           D          G
Love one another right now.

C
Hey, people now,
D
```

Smile on your brother.
        G
Let me see you get together,
C   **D**   **G**
Love one another right now.

G
If you hear the song I m singing,
              F
You will understand.
G
You hold the key to love and fear,
                          F
All in your trembling hand.
G
One key unlocks them both, you know,
                F
It s at your command.

C
Hey, people now,
D
Smile on your brother.
        G
Let me see you get together,
C   **D**   **G**
Love one another right now.
