[Intro] **B Ebm G#m F#**

```
                  B
I call you too much
               E
You never pick up
                        G#m
Except when you wanna fuck
                  F#
And I can t get enough
                          B
You re the man of my dreams
                           E
 Cause you know how to leave
               G#m                              F#
But I really believe that you d change it for me

G#m             E
You re unavailable (unavailable)
C#m        B
I m insatiable

           B           E
Lucky for you, I got all these daddy issues
F#
What can I do?
F#
I m going crazy when I m with you
                 B                E
Forget all the therapy that I ve been through

                     B
Don t know how to commit
                        E
But I might want your kid
                        G#m
And after our first kiss
                    F#
Got your name on my wrist
```

```
       B
Yeah, I get a little obsessive
                                        G#m
A little aggressive, a little bit too invested
                                      F#
And whatever you want, whenever you want
That s what you get  cause
