Verse 1:
```
F#                      C#
Clean sheets mean a lot to
           B
a guy who sleeps on the floor
F#                      C#
  Oh I whited your love and a
              B
shelf in your dresser drawer
F#                    C#
  you tucked me in, stopped
               B
my tossing and turning
    F#
But I turned back the covers
      C#                    B
and I saw those sheets are dirty
```

Chorus 1:
```
Ebm
  Even though you ll
never come clean
```

```
    F#         B
you know it s true
F#
  Those sheets are
C#/F#      Bbm     B
dirty And so are you

Verse 2:
F#                     C#
  The warmth of a bed to a
         B
guy who sleeps on the floor
F#
  Was enough to perpetuate
       C#              B
all the lies I heard before
F#
  And I want to hold you but
     C#                 B
I ll hold my pillow instead
F#
  Cause my pillow will
             C#
never lie or be with a
         B
stranger in my bed

(Repeat Chorus 1)

Bridge:
Bbm
Where s the love
      B
I was looking for
     F#
It s out the door
Bbm
I m afraid to
    G#m
see you anymore
        Ebm
so it s back

on the floor
      Bbm
Cause those
           B    (hold)
sheets are dirty
```

Interlude: **Ebm-Ebm7**- x4

Guitar Solo: **F#-C#-F#-B-Bbm-B**- x2

Verse 3:
F#
  Woke up this morning
 C# **B**
alone on the floor
F#
Thinking about those
clean sheets and the
C# **B**
way it was before
F#
  Oh When I looked in the
  C#
mirror I saw your face
  B
and thought of the past
F#
  But now I know how dirty
  C#
you are, I took my fist
  B
and smashed the glass

Chorus 2:
Ebm
  Even though you ll
never come clean
  F# **B**
you know it s true
F#
  Those sheets are
C#/F# **Bbm** **B**
dirty And so are you
Ebm
  Even thought you ll
never come clean
  F# **B**
you know it s true
F#
  Those sheets are
C#/F# **Bbm** **B**
dirty And so are you

Outro:
F# C#/F# Bbm
  Those

```
           B
sheets are dirty
F# C#/F# Bbm
       Those
           B
sheets are dirty
F# C#/F# Bbm
       Those
           B    F# C# F# B Ebm(hold)
sheets are dirty
```
