A Am E x2

[Verse 1]
```
         E         E7          A            Am
Well I m weary and tired, I ve done my days ridin
E           F#m7        B7
Nightime is rolling my way
    E            E7           A             Am
The sky s all on fire and the lights slowly fadin
E            A              E
Peaceful and still ends the day
G#m        C#m        G#m             E9
Out on the trail the night birds are callin
A             Am       E
Singin  their wild melody
G#m         C#m          G#m        E9
Down in the canyon, the cottonwood whispers
  A       Am          E     A Am E
A song of Wyoming for me
```

[Verse 2]
```
       E         E7        A             Am
Well I wandered around the towns and the cities
         E          F#m7         B7
Tried to figure the how and the why
       E              E7                 A            Am
Well I stopped all my schemin , I m just driftin  and dreamin
E            A          E
Watching the river roll by
G#m             C#m      G#m         E9
Here comes that big ole prarie moon risin
A            Am            E
Shinin  down bright as can be
G#m       C#m             G#m    E9
Up on the hill there s a coyote singin
  A       Am          E     A Am E
A song of Wyoming for me
```

[Verse 3]
```
         E           E7          A            Am
Now it s whiskey and tobacco and bitter black coffee
  E            F#m7       B7
A lonesome old doggie am I
```

```
    E              E7       A             Am
But wakin  on the range, I feel like an angel
E           A            E
Free like I almost could fly
G#m          C#m        G#m      E9
Drift like a cloud out over the badlands
A           Am          E
Sing like a bird in the tree
    G#m         C#m   G#m                E9
The wind in the sage sounds like heaven singin
  A       Am          E
A song of Wyoming for me
  A       Am          E     A Am E
A song of Wyoming for me
