     D
well it could be blue
    A

    E
the color doesn t matter if its on your head

balance Margo Roth Spiegelman up on top of your crown
D
soon you realize there is no need to frown
A                                           E
try something harder and see just how you do
E
you will find that its true

          A                 D
you gotta put stuff on your head
    A                 E
you put stuff on your head
     D
well it could be blue
    A
or it could be red
    E                                 A--------D-------A------A-A
