**Love Song**
**k-os**

Great Song and sounds pretty good only acoustic/voice.
Its just the same thing over and over again.  Change strumming at the different parts
and its sounds like sweet nector (I personally like to play it reggae style)

Cm, G#, D#, A# four beats per chord (or whatever time signature it is, either way,
equal time for each chord).

**Cm** ~~ (x35543)
**G#** ~~ (466544)
**D#** ~~ (x68886)
**A#** ~~ (688766)

{{{  Or you could capo 1st fret and play:   Bm(x35543), G, D, A  }}}

**Cm**, **G#**, **D#**, **A# A** couple times...

```
G#                D#          A#
Contrary to popular belief, know what yo
              Cm
This is not a lovesong
       G#
It s a sonnett
D#                          A#.............etc etc.
