Whispers Of Your Name
Kacey Musgraves

G D A

```
              A
Maybe I won t find,
             F#m
Any old love letters,
              A
Maybe I won t wish,
                    E
You d come down the hall.

                 A
Maybe my picture frames,
              F#m
Won t look so empty,
                  G     D
I have to take  em down,
            E
Off the wall.

                    A
Maybe the rain will come,
             F#m
After I m sleeping,
            A
Maybe in my dreams,
                  E
I won t feel this pain.

           A
Maybe I ll find my way,
        F#m
Back to morning,
                G       D        A
Without hearing whispers of your name.
```

F#m A F#m E

```
                      A
Maybe I ll find some things,
                F#m
To keep my mind busy,
                      A
Maybe I ll sell this car,
              E
Sell this ol  ring.
```

```
                  A
Maybe that ll be enough,
                     F#m
To finally convince me,
                G
That you re not here,
      D                 E
And I really don t have anything.

           A
Maybe I ll try,
               F#m
Try to get out some,
                   A
Maybe our favorite places,
                     E
Will still feel the same.

                  A
Maybe when I sit alone,
           F#m
At our old table,
        G       D             A
I won t hear whispers of your name.
        G       D             A
I won t hear whispers of your name.
