```
                  D                A            F#m
Baby when we re touching in the dark, can you feel it?
                D                A             F#m
I can hear the pounding of my heart, can you feel it?
                  D            A         F#m
When you take my body to the stars, I believe it
                  D         A           F#m
Boy this love is supernatural, can you feel it?

D                     Bm
Come, take me by the hand
                  A               A
Wanna cross the line, baby go ahead
                  D                     Bm
Till the morning light, watch my silhouette
                     A                          A
 Cause you know tonight, we re gonna wake the dead

                  F#m                     F#m
Get a little bit wrong, get a little bit wild
                  F#m                     F#m
Get a little bit high off of this love tonight
                  F#m                  F#m
Get a little bit raw, come a little undone
                  F#m                   F#m
Get a little bit reckless, I can t get enough

                  D                A            F#m
Baby when we re touching in the dark, can you feel it?
                D                A             F#m
I can hear the pounding of my heart, can you feel it?
                  D            A         F#m
When you take my body to the stars, I believe it
                  D         A           F#m
Boy this love is supernatural, can you feel it?

D                     Bm
Come, take me in the night
                  A                       A
I feel it in my blood, want the darker side
              D                     Bm
Baby when we touch, look me in the eyes
                A                              A
Poison me with love, I ll bring you back to life

                  F#m                     F#m
Get a little bit wrong, get a little bit wild
