Dream a Little Dream
Eddie Vedder

```
G                     Eb7   D7
Stars shining bright above you
G                      E                  Am
Night breezes seem to whisper I love you
                    Cm6
Birds singing in a sycamore tree
G                     A9  D7    D
 Dream a little dream of me

G                      Eb7     D7
Say Nightie-night and kiss me
G                       E                      Am
Just hold me tight and tell me you ll miss me
                      Cm6
 cause I m alone and blue as can be
G                      Eb7 D7  G
 Dream a little dream of..... me

Eb                Bb7
Stars fading but I linger on
Eb                Bb7
   Oh, craving your kiss
Eb                Bb7
 I  m longing to linger till dawn dear
Eb             D7
  Just saying this, oh

G                      Eb7     D7
Sweet dreams till sunbeams find you
G                        E                           Am
Sweet dreams that leave all worries far behind you
                      Cm6
But in your dreams whatever they be
G                     Cm7 D7  G
Dream a little dream of .....me
