 C# C#                              C# C#
      Well I m not mad, I m just bored
                                         C# C#
      Cause everything I do is only because
                                              C# C#
      There s nothing much else for me to do

      And that includes you, and that includes you

      (C#, A, E, D)
           Mess around with you  x3
  C# C#                                  C# C#
      Piss away potential everyday is away
                                 C# C#
      And i ve wasted every day
  C# C#                                  C# C#
      There s not much else for me to do

      And that includes you, and that includes you

      (C#, A, E, D)
          Mess around with you   x3

      Then there s other lyrics which I can t remember right now
      becasue I let my friend borrow my CD. But it only keeps
      those 4 chords, but changes rhythym sometimes. This whole CD
      kicks ass, and if anybody has the TAB for any of the other songs,
      except for Bound for the floor, send it my way at
      Dodderip@Erols.com.   I ve also got some intros for the
      new Offspring album, Ixnay on The Hombre, so if you want those
      E-mail me. I ll be posting a GOOD version of Bound For The Floor
      a little bit later, because all the versions that I ve seen
      don t cut the cake. Later all,  Paul Dodderidge
