listening to the chords in the song, it s obvious)

Lyrics:

My people (3x)

I see the sun in the sky
But it s an illusion, I am feeling so high
From the stress and madness of today
My brother, edey pain me, but what can I say
I say na so so confusion, complete pollution
Total corruption in every nation
I feel like wailing, but my voice dey fail me
And now it s got me going crazy, plus it s got me wishing, wishing

Chorus 2x

I wish I could fly, fly (8x), fly up to nowhere

The only thing in my eyes is tears of frustration from what I am feeling inside
Cos it feels like Armageddon is closing in on me
in the middle of the beautiful things in this world, destruction is all I see
Sodom and Gomorrah is coming back again
I constantly feel the pain upon the innocent people being slain
But I remember say my papa bin tell me
Say my son, e no go easy, e no go easy for sheezy
I feel like wailing, but my voice dey fail me
And now it s got me going crazy, plus it s got me wishing, wishing

Repeat Chorus

I wish I could fly to South Africa without a visa
I wish I could fly to Japan and say
I wish I could fly to Ethiopia and say how far
I wish I could fly to America and tell them I am super duper star
I wish I could fly everywhere
I wish I could fly, say I wish I could fly
You know the kind fly wey I dey talk about
No shaking man

Anyhow, one love man

But I m stuck here, can t fly nowhere man
