Gone Gone Gone - Elliott Murphy

```
         A    E   B
We were gone gone gone
          A    E    B
I feel so gone gone gone
            A    E   B
I think I m gone gone gone
                      F#m
Well, in the eye of the sun
A               E
I let my horses run
C#m                   F#m
I kept my feet on the ground
A                E
I didn t make a sound
C#m                  F#m
My time was running out
A                B
And I had my doubts

         A    E   B
We were gone gone gone
          A    E    B
I feel so gone gone gone
            A    E   B
I think I m gone gone gone
                     F#m
Well If that s what you want
A              E
My sweet Mary-Anne
C#m                   F#m
Yeah, if that s what you want
A              E
I won t mak a stand
C#m                     F#m
And if that s what you need
A                      B
Then baby I m your man

         A    E   B
We were gone gone gone
          A    E    B
I feel so gone gone gone
            A    E   B
I think I m gone gone gone
                      F#m
```

You know, I was right there
A **E**
I was waiting on a train
C#m **F#m**
I got my feet in the air
A **E**
Suitcase full of pain
C#m **F#m**
My time was running out
A **B**
I couln t see you again

B
Well, you re looking for God s grace
B
For something to believe in
B
You ve got the soul of a torturer
B
How great it should be
B
Some say the simple truth
B
Something set you free
B
From a whole set of lies to infinity

A **E** **B**
We were gone gone gone
A **E** **B**
I feel so gone gone gone
A **E** **B**
I think I m gone gone gone
