Bitter They Are, Harder They Fall
Elvis Presley

```
 Bb5            Bb5          Eb5
I told her to leave me alone
                    Bb5                      F5
That s what she s done, just what she s done
        Bb5            Bb5             Eb5
And a house built for two, ain t a home
                     Bb5              F5
When it s lived in by one, one lonely one
    Eb5          Eb5         Eb5                              Bb5  Ab5  Eb5
And I can no longer hear footsteps, come right down the hall
               Bb5                    F5                  Bb5
Here come the teardrops, bitter they are, harder they fall
  Bb5         Bb5    Eb5      Bb5     Eb5   Bb5
She caught me lying,then she caught a train
                 C5     C5    C5              C5  Ab5  C5  F5
And I caught a fever walking home in the rain

Oh yeah!
          Bb5
But it s over and I m done
            Bb5         Eb5  Bb5  Eb5
She left me once and for all
                  Bb5                    F5               Bb5  Bb5  Eb5
Here come the teardrops, bitter they are, harder they fall
                Bb5                  F5                 Eb5  Bb5
Here come the teardrops, bitter they are, harder they fall..
