A Weed Is A Weed
Mickey Newbury

A Weed Is A Weed

```
C#        F#                  B         F#
Ah, when I was a boy I was wild I was lazy
                       C#
I was the shame of my dad
         F#                              B         F#
Yes, the women and the wine, they were drivin  me crazy
          C#          F#
It was so good to be bad

And I got a job runnin  cheap bootleg whiskey
Down on the Arkansas line
From Memphis to Pine Bluff in a hopped up ole Jimmy
I had to be out of my mind

Chorus:
      B                           F#
Well, you ll know the crop by the seeds that are sowed
                           C#
Do all your plantin  with care
B                          F#
Water and ground will make anything grow
                     C#       F#
But a weeds still a weed anywhere

I met a girl in a bar down in Memphis
She was the good lookin  kind
She told me how she was drawn to the misfits
Trouble was all I did find

Verse 1 + Chorus
```
