```
B                          E          G#m                                F#
Someone told me there s a grace that leads you straight from place to place
B              E              G#m
And you always leave the road behind you
B                           E     G#m                     F#
You don t need your horses shod, just a dowser and his rod
B                    E                 G#m
Leave your mistress, she won t need to find you

C#                                     F#
Oh please, journeyman, help me on my way
C#                                      F#
Oh please, help me please, I won t be afraid
C#                                     F#
Oh please, journeyman, help me on my way
C#                                      F#
Oh please, help me please, I won t be afraid

B                         E    G#m                  F#
Leave my weary flesh and bone to a circle made of stone
B              E                G#m
Take me to the mountains for my pleasure
    B                     E       G#m                     F#
And if the dead man won t depart, drive a stake into his heart
    B          E               G#m
And let me ere deliver him his leisure

C#                                     F#
Oh please, journeyman, help me on my way
C#                                      F#
Oh please, help me please, I won t be afraid
C#                                     F#
Oh please, journeyman, help me on my way
C#                                      F#
Oh please, help me please, I won t be afraid

C#                                     F#
Oh please, journeyman, help me on my way
C#                                      F#
Oh please, help me please, I won t be afraid
C#                                     F#
Oh please, journeyman, help me on my way
C#                                      F#
```

Oh please, help me please, I won t be afraid

B **E** **G#m** **F#**
When you see the race is run and the dark has just begun
B **E** **G#m**
Come on with the few and leave the many
B **E** **G#m** **F#**
There you ll find the journeyman with a lantern in his hand
B **E** **G#m**
He ll show you a good time for a penny

C# **F#**
Oh please, journeyman, help me on my way
C# **F#**
Oh please, help me please, I won t be afraid
C# **F#**
Oh please, journeyman, help me on my way
C# **F#**
Oh please, help me please, I won t be afraid
