Intro: **A#m   G#**

     A#m   **G#**
I got lost out there in this world
           A#m   **G#**
Looking for a brand new wave to fall down
          A#m   **G#**
It s no surprise that things got worse
         F#   **G#**
And I think God never let me drown.
               C#   **G#**
But I didn t have to lie to myself for so long
           A#m   **G#**
I didn t have to let myself get so far gone
            C#   **G#**
I didn t have to make the ones I love feel so alone
           F#   **G#**
I didn t have to die to go to heaven
           A#m   **G#**
I just had to go home
         A#m   **G#**
While I was having the time of my life
        A#m   **G#**
I think my soul died a little every day
      A#m
I always called to say I m sorry
        G#
You said it s okay, but you should be
  F#   **G#**
Through it all you never walked away
               C#   **G#**
But I didn t have to lie to myself for so long
           A#m   **G#**
I didn t have to let myself get so far gone
            C#   **G#**
I didn t have to make the ones I love feel so alone
           F#   **G#**
I didn t have to die to go to heaven
              F#
I just had to go home
       G#   **F#**
Into the arms of my angel
         A#m   **G#**   **F#**
Into the piece I ve left behind
               G#
All I had to do to save my own life
      F#   **G#**

Was to look into your eyes
                        C#   G#
But I didn t have to lie to myself for so long
                  A#m   G#
I didn t have to let myself get so far gone
                        C#   G#
I didn t have to make the ones I love feel so alone
                    F#   G#
I didn t have to die to go to heaven [to find my angel]
                      C#   G#
But I didn t have to lie to myself for so long
                  A#m   G#
I just had to go home [I just had to go home]
                    C#
I just had to go home.
