Intro/Verse

```
E               C#m  A               B        Am            D      G
Driving on the lawn, sleeping on the roof, drinking all the alcohol....
Am                D               G    D/F#    Em               C
All the kids from school, will be naked in the pool, while our parents
      D            G
are on, Fire Island.
```

Chorus:

```
      Am              D       G         D/F#     Em
We re old enough byyy now, to take care of each other,
Am                  D        G       D         C       C/B
We don t need no babysitter, we dont need no father or mother,
     Am          D               G       D/F#   C
We re old enough byyy now, don t worry  bout a thing.
 Am                                          C                           D
Don t you remember, last December, when you went to Steamboat Spriiiiiiings?
```

*And thats pretty much the whole song...a great tune by a great band.
I don t realy have time write out all the verses, but this is the basics.*
