VERSE

```
C
Well I took a little something

           F          C
to make my Worries go away

I laid down with a movie

      G               F*
And I started to feel okay

      Am
But I heard the doorbell ringin?

      C            F
And I opened up to see

   C                 G                 C   Am
My worries they were waiting there for me

     C
Now death as you?d expect
```

```
     F                 C
was all dressed up in black

misfortune in her stocking

      G              F
and a curve upon her back

      Am
and a chorus of the lonely

           C               F
In their gospel robes of course

          C                G        C
they were singing  bout my imminent divorce

CHORUS

       C         G
It?s a beautiful day

          F        C
No it?s a horrible day

                              G
Maybe I will grin but I won?t bear

       C         G
It?s a beautiful day

          Am   G   F
No it?s a horrible day

            C                G                  C    Am
And for the first time in my life I just don?t care
