```
Bm                  Em              G
    When everybody here is out of sight
                  D
    And I have no one that can be on my side
Bm                  Em              G
    The blood just wants to rush out,
            G
    And I m going crazyâ€¦

Bm                  Em              G
    When I m supposed not to run and hide
                  D
    And almost everything is out of my mind,
Bm                  Em              G
    The fact that now he s gone,
            G
    Is making me crazyâ€¦
-----------------------------------------------------------------

Em                  D                   A
    Everybody is gone, but I ll carry on,
                      A
    I will face the truth until it s done.
Em                  D                   A
    It s my only choice, to stay or to run.
Em                  D                   A
    When will you realize, that I have no one?
                                  A
    But I will till keep on standing, even if I fall,
Em                  D                   A
    And I  will keep going on and on...
-------------------------------------------------------------------

Bm                  Em              G
    Well now that everything is getting fine,
                    D                       Bm
    And I have things that I can put on my mind,
Bm                  Em              G
    I m starting to carry on,
```

```
            G
    And nothing is hazyâ€¦

Bm                  D    A             E
    And all that I want, Is another moment with you,
Bm                  D         A
    And you re forever in my heartâ€¦
Bm                  D     A             E             Bm  D  A
    And all that I want, Is to look into your eyes againâ€¦
