Phil 2:6-8

Verse:1
```
Em                      C    D       C
You emptied Yourself though You are Deity
Em          C         D         C
You took on the flesh of frail humanity
Em                C          D           C
You stretched out Your hands for sinners just like me
Em            C         D         C
Crucified and arose now enthroned in majesty
```

Chorus:
```
G      D       C       G         D
I have come to worship You,     I have come
            C                D
Because Iâ€™m needing You more than ever before  X2
```

Verse:2
```
Em          C               D                C
You emptied Yourself though others could not see
Em          C      D          C
The King of Glory clothed in humility
Em                         C    D               C
You stretch out Your hands Your Spirits calling me
Em          C                     D       C
The veil is now torn, Your face I long to see
```
