D             A                     E            F#m7
 You were in college working part time waiting tables
D             A            E
 Left a small town, never looked back
D            A          E         F#m7
 I was a flight risk with a fear of falling
D                     A             E
Wondering why we bother with love if it never lasts

D A E                     D A
  I say can you believe it?
E                       D  A
 As we re lying on the couch
    E
The moment I could see it
D    A  E
Yes, yes, I can see it now

D                         A
 Do you remember we were sitting there by the water
E                          F#m       E
 You put your arm around me for the first time
D                      A
 You made a rebel of a careless man s careful daughter
E                      F#m          E        D
 You are the best thing that s ever been mine

D          A            E                  F#m7
 Flash forward and we re taking on the world together
D                 A         E
 And there s a drawer of my things at your place
D             A                       E            F#m7
```

```
 You learn my secrets and you figure out why I m guarded
D            A                   E
 You say we ll never make my parents  mistakes

D A E
     But we got bills to pay
D A E
     We got nothing figured out
D A E
     When it was hard to take
D    A    E
Yes, yes, this is what I thought about

D                         A
 Do you remember we were sitting there by the water
E                          F#m       E
 You put your arm around me for the first time
D                      A
 You made a rebel of a careless man s careful daughter
E                      F#m          E
 You are the best thing that s ever been mine
D                         A
 Do you remember all the city lights on the water
E                      F#m           E
 You saw me start to believe for the first time
D                      A
 You made a rebel of a careless man s careful daughter
E                      F#m          E
 You are the best thing that s ever been mine

D                         A
 Do you remember we were sitting there by the water
E                          F#m       E
 You put your arm around me for the first time
D                      A
 You made a rebel of a careless man s careful daughter
E                      F#m          E        D
 You are the best thing that s ever been mine

        F#m                     D
And I remember that fight, two thirty AM
    E
When everything was slipping out of our hands
F#m                      D                          E
I ran out crying and you followed me out into the street
D A         E
   Braced myself for the goodbye
D A              E
    Cause that s all I ve ever known
D A    E
   And you took me by suprise
D A         E                     D
```
