```
Amaj7           Bm7              E               Amaj7   Bm7
Softly she comes,  whispers the breeze with her passing
           E                     Amaj7   A7   D
In secret love,     she is laughing
           Dm6            Amaj7      D6   (A  D6)
Softly she comes in the night

E                                    D                A
Down the darkened hall I hear her footsteps on the stair
                              E
Then she is in my arms once more
```

Softly she sighs,
Sweetly she lies never sleeping
Her fragrance all in my keeping
Softly she comes in the night

Then softly she goes,
Her shining lips in the shadows,
Whispering good-bye at my window
Softly she goes in the dawn
