Beautiful Disaster

Today seems like a good day to burn a bridge or two

The one with old wood creaking that would burn away right on cue

I try to be not like that but some people really suck

Some people need to get the axing chalk it up to bad luck

I know a drugstore cowgirl so afraid of getting bored

She s always running from something so many things ignored

I might do that stuff if it didn t make me feel like shit

I m on some old reality tip so many trips in it

Beautiful disaster

Flyin down the street again

I tried to keep up

You wore me out and left me ate up

Now I wish you all the luck

You re a butterfly in the wind without a care

A pretty train crash to me and I can t care

I do I don t whatever

I know a drugstore cowgirl so afraid of getting bored

She s always running from something so many things ignored

I try to be not like this but I thought it d make a good song

There s nothing to see shows over people just move along

Beautiful disaster

Flyin down the street again

I tried to keep up

You wore me out and left me ate up

Now I wish you all the luck

You re a butterfly in the wind without a care

A pretty train crash to me and I can t care

I do I don t whatever
