SECOND GUITAR TAB!!!!!!!!!!!!

Only top 3 strings used; standard tuning.

This tab is for second guitar on the pre-production version

There is another guitar part on top of the bass solo; you can hear it best right at the beginning of the solo, but it is not the second part because it continues when 2nd comes in.

This file is all my own work; no I didn't steal it from a book because I have adequate musical ability.
