// Chorus

```
                     E
 Cause now I wanna  be
            C#m
Where you sleep
            B
Where you laugh
          A
Where you breathe
              E
And I hate to say
        C#m
Still I sway
           B
Brown your eyes
       A
Gone away
```
