Song: Apathy
Artist: Grammatrain
CD: Lonely House

```
G5                Em              G5                  Em
I guess it s up to me to look like I m the one whose fine.
G5             Em              G5                Em
You can only see the one who s not like your own kind.
G5              Em         G5              Em
I ll pretend to be ok and you that I m not here.
G5         Em            G5           Em
After I m alone allow me to release my tear.

C
 I don t care
Em
 I don t care
C
 I don t care
Em
 I don t care
```

The second verse is the same. So is the chorus.
If you add a 7th to the Em and a 2nd to the C it will
sound awesome. Any complaints, thanks, or death threats,
