I dont know the chords for the bridge, apologies.

Verse 1:
```
C                           Dm
Blue colours, no other could mess this up
C                                     Dm
Im thinking while youre drinking, Ive had enough
    C                         Dm
It rains on and on through the winter nights
C                                   F
Change is coming; oh, Ive heard it so many times
```

Chorus:
```
     Dm                  F
Its one plus one equals you and me darling
G
So damn simple but we complicate it
   Dm     F              G
I know, I know, I know, I know
Dm                  F
Theres no one like you and me darling
G
Should be simple but we complicate it
   Dm     F               G
I know, I know, I know, I know
```

Verse 2:
```
C                                     Dm
Past midnight is when we fight but Im holding on
C                       Dm
So boring, he is snoring on and on
   C                                  Dm
Do you remember when we first met? It felt so young
    C                                     F
Now time is passing that everlasting, weve come undone
```

CHORUS

Bridge:
Rain through my window

And all that I see when I look to the street

I find you standing covered in

Rain through my window

And all that I see when I look to the street

I find you waiting, waiting

CHORUS
