Whipped
Greg Bates

Hi Everyone! (: This is Whipped by Greg Bates! Hope yall enjoy this! This song is played
in stadard tuning on the 4th fret! Im a girl so guys may need to lower the capo! (:
This song is pretty easy to play! (:

```
F                    Bbadd9              Bb
Take my breathe no sunset like your smile,
F                       Bbadd9           Bb
I never met a heart with such a since of style.
Bbadd9                 Bb
You put on a show, When you paint your lips.
Bbadd9                 Bb
For all I know your all this is.

F
Like homemade cream on an apple pie,
        Bbadd9
Like a farmer workinâ€™ in mid july.
Bb                                C
Like a little boy said a dirty word, when his daddy gets home.
F
Like along the side of a 4-wheel line,
Bbadd9
Yeah you got me and Im lovin it.
F            Bbadd9   Bb      F
Yeah you got me, â€¦ Whipped.

F               Bbadd9           Bb
Running red lights just so I can see ya.

F                    Bbadd9                      Bb
When your away I spend my days day dreaming.
Bbadd9                       Bb
Your sweeter than a peach, right down to the pit.
Bbadd9                              Bb
Yeah your my favorite habbit, that I never want to quit.
```

Bbadd9 **F**
Yea you got me right where I wanna be.
Bbadd9 **F**
Yea you got me right where I wanna be.
