```

```
              G         D
Spread your wings Neon Pegasus
         Em                Bm
And go flying through the night
          C
They can take your glitter
          G                     D
But they can t take away your sparkle

           G                D
And the thousand arm robot octopus
             Em              Bm
Will try to grab your golden reins
           C                         G
But your wings are strong from the battle
               D
Over Cupcake Mountain

        Am          C
Never again to be lonely
        G                    D
Never again to be without a home
          Am                      C
Never to bow to the gummy king s throne
        G           D
Never again, never again!

       Am              C
Never again to be put down
```

```
                G                       D
By the Marzipan Girl at the silver lake lounge
                Am                  C
Soaring over it all, high up in the clouds
       G             D
Never again, never again!

Bridgey thing:
G    D         Em                           Bm
(speaking) Yeah!      When I first saw you defeating the Gummy King s
       C                    G
Gluten powered armada in the darkness of space,
D
  I knew you were no ordinary pegasus!)

and then just before you repeat back to the beginning throw in a bar of
Dm
