```
     Eb        G# Eb                G#               Eb   Eb G# Eb 2x
Well sometimes,   I get tired of waking up on my own
    Fm       G#                        Eb    Eb G# Eb 2x
And sometimes, I feel like I want to go home
        Fm
But the cars they keep on driving

Down a road that doesn t seem to end

         G#
So we re following owls in the flight of the crow,
Eb
Living where its green,

But what good is it though?

Life getting narrower the further you go,
           G#         Bb
Sunset s before they rise
     G#
It s there in the shadows where nobody goes,
     Eb
It s there in the dark but what good is it though,

It s a vanishing point on a shimmering road
                 G#        Bb    Eb G# Eb 2x
And there when I close my eyes

When the waters rise around you

So we re following owls in the flight of the crow,
Eb
Living where its green,

But what good is it though?

Life gets narrower the further you go,

Eb  Bb   G#     Eb
Oh no  oh oh oh
     Bb   G#     Eb
love oh  oh oh oh

            Eb
Cause we re bullets and we fire from shot guns
               G#                  Eb
Flying through birthday s and new years

Yeah, we re rolling stones,

But the moss keeps growing around
G#                           Eb
Hearts and our eyes and our ears

            Eb
Cause we re bullets and we fire from shot guns
               G#                  Eb
Flying through birthday s and new years

Yeah, we re rolling stones,

But the moss keeps growing around
G#                           F
Hearts and our eyes and our ears
