Lyrics/Song Structure:

=====

---> Play Riff 1 (x3)  
---> Play Riff 2 (x1)  
---> Play Riff 3 over:

Well everybody s got an opinion that s loud and unbending  
I spend my time healing and mending together  
It s a question of whether live positive, well I give  
P-Nut joins our back, must be arthritic  
Tim is from the 70 s and so we live it  
SA has the wisdom of a Noble Laureate  
I m down for our days of glory and  
It s easy to do when you re up with Sexton  
A rythmatic genius turnin out the next one

Would you know you re a bro I flow in that circumstance  
You ll get your chance

---> Play Riff 1 over:

Because now payback s our motherfuckin mission  
To the sharp ass rocks slippin on us but we rock  
It comes to writing on us derision  
Sendin you a voice, now sendin you a vision.  
And those who fought me they say they taught me everything I know,

\_/\_ NICK: I go aww, when I hear that, that chit chat, bullshit!

SA: So sick of me knowing every thing saying

---> Play Chorus over:

In your face  
Feels so good  
In your face  
It feels so good

---> Play Riff 3 (x3)

Take it to em bro, throw down, now say  
Settin forth a course I m really wiggin out  
In my dome I roam, no time to doubt  
Fucked up you right there while I was rhymin  
Now you re sulking in the corner, a baby crying  
Hittin up now we feelin to rock Mars  
Fuckin up the shit, now their heads bob  
We ain t new to jack swing, the groove and that  
We got crazy factiffs, we all that  
I don t often rock and I m a laureate  
I don t pull the punch you know I m throwin it  
Freestyles my style on the mic and flex  
You re stalkin the mind of a punk that s next

---> Play Riff 1 over:

I get retarded now that I started you know  
A condition which I keep closely guarded  
Like the kind buds you know my scene  
My team thinks I sing supreme, but you, the weasel,  
Try to bring us down but in reality it make you look like a clown  
Too bad cause we ll be sittin in the sun and choose a rocky ass fastball

---> Play Chorus over:

In your face  
Feels so good  
In your face  
It feels so good  
Yo, P-Nut, beat that thang

---> Bass Solo

---> Play Fill 1 (x3)

---> Play Fill 2 (x1)

---> Play Riff 3 over:

Won t you warm the mic Nicholas  
Can t get with this my stream of consciousness is a sea  
Much like Bukowski with a rage  
Speaking to the page beasts in the cage  
Jumping off the stage, diving  
Thriving, striving, for a better day SA  
Beat back by flesh shattered doors

Bragging fists to the sky you re feelin high  
Has to live and die

---> Play Riff 1 over:

Just take a moment to have a fit (fifth?) once in a while  
You know, you know  
I do it daily and like it but that s my style  
Here I go

---> Play Chorus over:

In your face  
Feels so good  
In your face  
And it feels so good (That s all)
