So I Fall Again
Phantom Planet

Verse 1
```
C#           C#m          G#                          C
I..... can t say if this feeling coming over me is real
       C#                            E
But I know it s something you cant steal
         G#                      C
So I ll buy another problem to approach
         C#                      E
Sell a virgin lie that can t be touched.
```

Chorus:
```
            G#,F#,C#
So I fall again
            G#,F#,C#
So I fall again
        G#
So I break through this
 F#              C#    G#,F#,C#
Rotten piece of wood again.
```

Verse 2
```
C#     C#m          G#                                    C
I.... can t say if this here fucking subject should be dropped
       C#                           E
But I know its something you can t stop
        G#                            C
So I ll buy another pick up line and sigh
        C#                           E
And pretend that everything is all right.
```

Chorus:
```
            G#,F#,C#
So I fall again
            G#,F#,C#
So I fall again
        G#
So I break through this
 F#              C#    G#,F#,C#
Rotten piece of wood again.
```
