Lyric/Song Structure:

=====

---> Play Intro (x4)

---> Play Riff 1a over:

Between Mars and Jupiter there s a gap  
 For another planet now wya back yeah  
 Maybe a madman just blew the \*\*\* out of it  
 Now where tryin to get back in alignment  
 Explains why we always go through cyles  
 always tryin to find it

---> Play Riff 1b over:

Closin onto the Age of Aquarius  
 Crazy weather floods tornadoes  
 Low Jet streams  
 Not gettin better enterin a twilight zone  
 Activities grown every single day

More people spottin UFO s  
---> Play Chorus over:  
Let s come together with this  
New coast \*\*\*  
We got the mother\*\*\*in kids  
Now lets freak this \*\*\*  
It s messed up when you think you re feelin  
Everything is wrong  
Takeover the pentagon  
---> Play Riff 1a over:  
It s \*\*\*ed up in this paradigm  
Cuz I m burnin fossil fuels  
I don t even need to  
Free energy has been harnessed  
We don t use it why  
Because the techniques been suppressed  
---> Play Riff 1b over:  
The hour glass hass passed has passed through granules  
That s cool we gotta break it  
Bust all these rules and switch  
I can see it as soon as you think it  
---> Play Chorus over:  
Let s come together with this  
New coast \*\*\*  
We got the motherfukcin kids  
Now lets freak this \*\*\*  
It s messed up when you think you re feelin  
Everything is wrong  
Takeover the Pentagon  
---> Play Bridge  
---> Play Intro over:  
I found a bootleg of the cosmic conscious then erased it  
Visualized the breath techniques slowly became it  
Now something is watching me  
Since I have found the keys to free this energy  
My high speed light body cuz the galaxy is crazy  
It doesn t amaze me that we re livin out of phase  
And quickly decaying  
6 protons, 6 neutrons, 6 electrons  
Is encoded on this plane we live on  
---> Play Ending (x4)
