In The Cool
Heart

Artist: Heart
Album: Red Velvet Car
Track: In The Cool

*****This is the way Nancy Wilson plays the 12 string acoustic guitar for the live
version of In The Cool*****

The B/F# should be played like this (224422)

```
          B
I m not a hero
      F#
Not a saint
           G#m
I m just a fever tryin  to cool it
            E
Through the bedlam days

        B
I m not leadin
        F#
Or mis-led
         G#m
I m just tumblin  through the sun
           E
Heals over head

           B              F#
But in the cool there s a place
    C#/F#         G#m
I d lay away the day
    E               B     F#
And forsake all the hours unkind
         B              F#
When the moon melts the sun
        C#/F#               G#m
Take my dreams and let  em run
    E             B                 F#
And roll all this heartache down to none
```

```
       B
Road I travel
         F#
High and low
       G#m
People shake their heads and wonder
              E
If that s the way I go

              B
And I ve been fighting
         F#
And I am sore
            G#m
I m just an accidental soldier
     E
In a private war

           B              F#
But in the cool there s a place
    C#/F#         G#m
I d lay away the day
    E               B     F#
And forsake all the hours unkind
         B              F#
When the moon melts the sun
        C#/F#               G#m
Take my dreams and let  em run
    E             B                 F#
And roll all this heartache down to none
               B              F#
Yeah, when the moon melts the sun
        C#/F#              G#m
Take my dreams and let me run
    E             B               F#
And roll all this trouble down to none
                  B    F#    G#m    E
Yeah, yeah, yeah
```
