**Roger Waters**

```
G                     D                     Em
 All in all it s just another brick in the wall
G                      D                    Em
 All in all you re just another brick in the wall

C            G
Just another blunder
C                 G
Just another lousy call
C                   G           D
Just another clap of thunder

      C             G
And apologies ring hollow
         C             G
From the guilty in Whitehall
     C                G
And there s no hint of sorrow
C                       G
Just the whitewash on the wall
            D
Nothing is change   (Nothing at all)

      C               G       D
And Jean Charles de Menezes remains
 C            D           G
Just another brick in the wall!

G  D  Em  D  G
